

Good Morning Guys:

I just wanted to thank both of you for working with me on this loss. You made it easy for me and I appreciate that. The estimate was straight forward and I found no "fluff" or base service charges, thanks.

I issued payment direct to the insured with a copy of the estimate today. Depending on the mail service they should have the payment by early next week.

Also Don, thanks for getting the estimate to me this week. I was able to get this file closed and off my desk before my 30 day diary. That saved me from additional paper work.

Thank you,
