City: Mt. Washington

State: PA

I'd just like to say that I have been very happy with the service I've received. I've been working with Matt, and he's been professional and pleasant through the entire experience. Water damage has been stressful, but I can't tell you how much peace of mind I've had since working with G.S. Jones. I've recommended G.S. Jones to several friends, and I've put your contact information on my work classifieds (Alcoa) with a strong endorsement. Thank you very much. Aman Bhullar
