G. S. Jones recently completed our home repairs from a Grease Fire, and I would like to tell you that it was a pleasant experience from start to finish. I thought the odds were against having so many efficient people in one company.

I chose G.S. Jones in the first place because Gary Baker was the first person to return my call and show up to do a very thorough estimate, out of all the other contractors I had contacted. Before the work began Todd and Jaime arrived to survey for all the necessary tools/equipment needed to complete the tasks and I knew this was going to go well when I met both of them. The very next day the restoration began, and I want to say Jaime and his crew did an excellent job! Sarah did a wonderful job cleaning and was very efficient. Every worker was very polite, considerate, friendly and made sure we were comfortable before they left each evening and all did a great job! All the work was done in a timely fashion and my husband and I are very pleased with the end results.

In the future, if we, or any of our friends or family is in need of your services, we will no doubt recommend G.S. Jones.

Thank you for a professional and positive restoration experience!
