MR. Scott W. Jones C.R.
5347 OHIO RIVER BLVD.
PITTSBURGH, PA. 15202

McKeesport, Pa.

Dear Mr. Jones,

Thank you for the work your company has recently done to repair the damage to my home. As you may recall I met you and MR. Don Bair shortly after my home was damaged. That afternoon Don was on site directing a G.S. Jones crew in securing my property. MR. Bair did an excellent job in assessing the damage and coordinating the necessary information between State Farm, Queen Engineering and my local municipality. After everything was approved your Project Manager Mr. Jeremy Martincic took over. He oversaw the scheduling and daily work on my home. Jeremy is very prompt and professional and kept in touch with daily throughout the project to completion.

I would also like to commend Joe Dicks and crew Kurt Cindy Doug and Rebecca. They literally put it all back together. Joe and his team are very skilled and courteous... just very nice people to work with.

MR. JONES I can see why your company is a State Farm "premier company" and I want to complement you on the quality of your employees and their work.

Sincerely yours,

Mark A. Thompson
