Dear Sir: I'm writing this note to commend your employees, Gary Baker and Todd Kohal on the job they completed at 2704 Lincoln Ave. Clinton.

This is my first, and hope only insurance claim. From the first contact with State Farm Nicole Sullivan I felt well taken care of. Everything was explained by Mrs. Sullivan and within an unbelievably short time a large crew of workers sent by Gary Baker took charge of the removal of all the damaged area.

The project was taken over by Todd Kohal. who made the change as good, even better than before the water damage. Thanks to all the workers and your supervisors for a job well done!

Sincerely

George Curtis
