Dear Todd Rohal,

Thank you for a job well done. I appreciate that your work team of Ray and Bill were able to work around my schedule and still get the job done in a timely manner.

We had the small glitch of the wallpaper border but with some persistence everything has been completed to my satisfaction.

I hope that I do not need the services of restoration in the future, but should the need arise G. S. Jones would be my choice.

Thank you,
