

From the desk of

Martha Macsurak

October 26, 2010

My husband, Dave, and I experienced severe vandalism from a tenant at our property, 221 E. Willock Rd. in Brentwood, TN. We are very satisfied with the service received from the G. S. Jones staff throughout the entire restoration process. The contractors were courteous, compassionate and kind. The project managers kept in touch with the workmen and us to make sure that the construction was moving along smoothly. As a result, the work was completed in a timely fashion and the house was left clean and free of all of the construction debris.

I have, and will continue, to recommend G. S. Jones to anyone needing your services.

Sincerely,
Martha Macsurak

Have a nice Day!
