

SMITHFIELD UNITED CHURCH OF CHRIST

620 Smithfield Street • Pittsburgh, PA 15222

412.281.1811

Rev. J. Douglas Patterson, Senior Minister

May 1, 2008

To Whom It May Concern:

Our church suffered a major structural fire on January 1, 2007. We contracted the services of **G.S. Jones** to provide immediate security, begin water and smoke cleanup, and engage in consultations regarding the immediate and long-term scope of work. Following the initial phase they worked with us in every aspect of cleaning, painting, repair, renovation and new construction. The coordinated efforts of **G.S. Jones**, insurance adjustors, architects and members of our congregation brought us back satisfactorily to our places of worship, education and fellowship.

We have found the **G.S. Jones** personnel to be knowledgeable, skilled, prompt, fair and cooperative. The lines of communication were always open, and still are. It was a pleasure to have them in our facility.

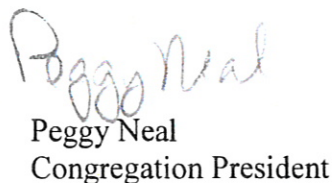

We recommend **G.S. Jones** to any organization finding themselves in catastrophic conditions.

Please contact our church office with any questions you may have.

Sincerely,

J. Douglas Patterson
Senior Minister

Peggy Neal
Congregation President

Jon Colburn
Facilities Chair
