

To G.S. Jones & Staff,

Thank you for the wonderful renovation done to my home after the fury of snowstorm Feb. 2010... I appreciate the pride full workmanship of your guys, not only putting the house back together again but in how they stayed in character with the house also... turn out was better than expected, better than I dreamed... Extra thanks to Jamie who took the time to show me the "wheres & hows"... It's nice to know people still care...

God Bless each of you,
